**🚨 PRICE DROP ALERT 🚨**

Same Workhorse. New Lower Price.

We have repriced our Sermac truck-mounted concrete pumps **across the range** — making them more competitive than ever, without changing what made them legendary in the first place!

Sermac pumps are known across the industry as true workhorses. They're built to work hard, day in and day out, and keep going year after year. Now, they come with a **lower price tag designed to compete directly** with the best concrete pumps in their class; while remaining the only European-owned concrete pump manufacturer on the market.

**Repriced Models Available Now!**
